[New Mexico Interpreter's Conference](#)

Albuquerque, New Mexico

Conferences are perfect for networking with fellow interpreters and translators, earning CEUs, and learning about the ever-changing language industry, but if you're not able to attend any, you can still learn, improve your skills, and earn CEUs from the comfort of your home with IEO's help. Click [here](#) to view our courses for medical and legal interpreters!

For more upcoming events like international conferences and certification exam dates, check out our new [events calendar](#)! We will send out another newsletter with the year's remaining conferences when summer is coming to an end.

As the Demand for Court interpreters Climbs, State Budget Conflicts Grow as Well

Judge David Segura of Santa Fe County Magistrate Court called his first housing case of the day, a disagreement between Gabriela Herrera and her landlord over a rental payment. In Spanish, Ms. Herrera - born in California, raised in Mexico and a resident of this city for six years - recounted her side of the story, fixing her eyes on the judge, whose eyes, in turn, kept shifting to the interpreter translating her words into English in a booming baritone.

What Does it Take to Translate a Best-Seller Into Another Language?

Words that don't have a direct translation into English, but which we really wish did.

The joy of languages is that for all the similarities you can find between some of them (like Celtic languages such as Irish and Welsh, or Swedish and Danish), it's the differences that can be most interesting.

The cliché that Inuits have 50 words for snow is apparently true, while some words that can't be translated into English, like *schadenfreude*, have been adopted by English speakers.

Banter Translator Allows Fans Traveling to World Cup to Learn Portuguese Football Phrases

While England settle in to their training camp in Rio the World Cup can feel a long way away for fans who haven't managed to get a ticket to Brazil.

But one company have produced a novel way of getting into the samba spirit, inviting fans to learn key football phrases in Brazil's native Portuguese.

Busuu has launched the Banter Translator, allowing fans the chance to have an international tournament experience by speaking the lingo, while helping those who have made it to Brazil interact with the locals.

Job Losses in Need of Interpreting

New York is the city of tongues, a metropolis where language has about 800 separate tributaries, the babbling global capital of human speech.

Out of the blue, the federal government abruptly stopped using seven tiny translation agencies in the New York City area that provided interpretation at hearings for people trying to

prove they were entitled to Social Security disability payments.

All the work was turned over to a single company, replacing what were essentially mom-and-pop operations at no apparent savings to the taxpayers or gain in quality.
